Dance training is a privilege.

Students will conduct themselves with respect for all teachers, students and parents.

Refrain from horseplay in the hallways and keep halls clear of bags.

Leave Outdoor shoes in the front hall closet to keep our studio clean and safe for bare foot dancers.

Students should arrive ready to dance on time. A late student will disrupt the entire class and will not allow the dancer to focus properly throughout the rest of the class.

Undergarments should be covered at all times.

Students who are focused and approach any task with an open mind will excel in the arts and in life.

Students who chose not to follow the above code may be asked to leave.

Here at the studio, we focus on helping people achieve their goals by teaching discipline, focus and respect as well as creating friendships that last a lifetime. We firmly believe...it's about more than dance!

Our teaching philosophy is centered on instilling a passion for the arts while building self-esteem and confidence in every student. We take pride in all of our students and their well being is our priority.

We ask all of our students to make an effort, not an excuse. Today is a great day to learn something new! We are happy to be working with you,
